KNOW BEFORE YOU GO

- Bull Run is a downhill-only trail with fast traffic: ride it west to east only. Getaway is the two-way climb back.
- Bull Run is rocky with ledges, drops and exposure along the canyon rim. Most of it rolls, but it is a solid step up from the Moab Brands loops.
- Gemini Bridges Road carries Jeeps and shuttle vans; cross it with care.
- No shade and no water. BLM asks riders to stay on marked trails and skip them when they are muddy.

RIDE SMART

- **Water:** plan on about 1.5 L for this ride. There's none on the trail.
- **Signal is spotty.** Tell someone your route and your time back.
- **Emergency:** call 911 and say "Bull Rush ride, parked at Magnificent 7 Trailhead, Moab, Utah", plus the coordinates from Locate me.
- **Wildlife:** give horses, burros and anything with horns room, and never feed them.
- **Stay on trail.** Desert crust and mountain soil take decades to heal.
