RIDE 48 · HURRICANE, UTAH · INTERMEDIATE ·

Dinner Bell

Let JEM run downhill for four fast miles, then spin back up the gentle grade of Dead Ringer.

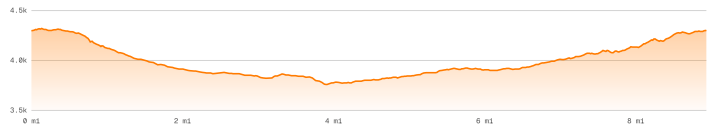

Heads up: Recent rain (0.22 in in 48 hrs). If your tires leave ruts, turn around and save it for another day.

⚠ **Not yet ridden by us.** This line was routed from OpenStreetMap trail data and hasn't been ridden end to end yet. Trail access and direction can change: check posted signs and the land manager before you ride.

GETTING THERE

Park at Jem Trailhead (BLM)

Off UT-59 about 5 mi southeast of Hurricane, UT: turn left on the cinder road and go 0.25 mi

- BLM lot with a vault toilet, bike repair stand and map kiosk. Fine for any car when dry, but BLM warns roads off UT-59 may not be passable when wet.
- Start and finish are the same spot. Follow the cue sheet and the arrows on the map.

CUE SHEET

0.0	JEM Trail SINGLETRACK via JEM / Goosebumps junction	4.3 mi
4.3	Cryptobionic Trail SINGLETRACK via Dead Ringer turn	0.1 mi
4.4	Dead Ringer Trail SINGLETRACK via More Cowbell spur	4.5 mi
8.9	More Cowbell Trail SINGLETRACK	0.4 mi
9.2	Back at Jem Trailhead (BLM)	

KNOW BEFORE YOU GO

- This is the flowiest ride here: smooth, fast desert singletrack with small rock ledges. The 700 ft of climbing comes as a gentle grind on Dead Ringer.
- The top of JEM is downhill-only for bikes. Ride it northbound as routed, never back up it. Dead Ringer is the designated climb back.
- The last 0.4 mi follows a piece of More Cowbell into the trailhead.
- No shade and no water on the trail. Skip it after rain: these trails are moisture sensitive and BLM asks riders to stay off when wet.

RIDE SMART

- **Water:** plan on about 1 L for this ride. There's none on the trail.
- **Signal is spotty.** Tell someone your route and your time back.
- **Emergency:** call 911 and say "Dinner Bell ride, parked at Jem Trailhead (BLM), Hurricane, Utah", plus the coordinates from Locate me.
- **Wildlife:** give horses, burros and anything with horns room, and never feed them.
- **Stay on trail.** Desert crust and mountain soil take decades to heal.
