GETTING THERE

Top of Dalton Wash Rd: from UT-9 just east of Virgin, UT go north 1.7 mi, keep left at the fork, then 2.4 mi up onto the mesa

- BLM recommends high-clearance 4WD for the steep final climb onto the mesa. In wet weather park at the lower fork and ride up.
- Start and finish are the same spot. Follow the cue sheet and the arrows on the map.

KNOW BEFORE YOU GO

- Slickrock and juniper singletrack with constant small ups and downs; little total climbing but plenty of technical moves.
- Watch for cairns and painted dots across the open rock; the line is easy to lose.
- Several unofficial spurs branch off (the West Cliffs and South singletrack). Stay on the signed trail.
- Holy Guacamole and Lime with a Twist were left off on purpose because I could not confirm they are BLM-authorized.

RIDE SMART

- **Water:** plan on about 1 L for this ride. There's none on the trail.
- **Signal is spotty.** Tell someone your route and your time back.
- **Emergency:** call 911 and say "Guac Run ride, parked at Guacamole Mesa Trailhead (BLM), Hurricane, Utah", plus the coordinates from Locate me.
- **Wildlife:** give horses, burros and anything with horns room, and never feed them.
- **Stay on trail.** Desert crust and mountain soil take decades to heal.
