Peccary Party

Two quick laps in the middle of town: Adobe Jack up to the Ant Hill and Grand Central all the way down, then Adobe Jack again and the Coyote cutoff.

Heads up: Recent rain (0.39 in in 48 hrs). If your tires leave ruts, turn around and save it for another day.

KNOW BEFORE YOU GO

- Adobe Jack is the climb both laps; Grand Central and Coyote are the descents. Grand Central gets fast downhill traffic, so ride it that way.
- The drop-in at the top of Grand Central by the Ant Hill is steep and loose. Walk it if you do not like the look of it.
- Crusty is the short climb back to the car at the end of each lap. Want more? Repeat the Grand Central lap.
- Javelina is close by but skipped: its usual access on the Jordan Trail clips the Red Rock-Secret Mountain Wilderness boundary in our map data, and wilderness is closed to bikes.
- E-bikes are not allowed on the National Forest trails (City of Sedona).

RIDE SMART

- **Water:** plan on about 1 L for this ride. There's none on the trail.
- **Signal is spotty.** Tell someone your route and your time back.
- **Emergency:** call 911 and say "Peccary Party ride, parked at Adobe Jack Trailhead, Sedona, Arizona", plus the coordinates from Locate me.
- **Wildlife:** give horses, burros and anything with horns room, and never feed them.
- **Stay on trail.** Desert crust and mountain soil take decades to heal.
