KNOW BEFORE YOU GO

- Stucki and Snake Pit are BLM singletrack open to bikes. Stucki is the longer, rockier half; Snake Pit has the tighter twisty bits.
- The return uses the downhill-only part of Bearclaw Poppy, so the loop direction here is the legal one.
- Skip the Stucki Spine and Flowmaster cutoffs on this route; Flowmaster is tagged as closed in OSM and I could not confirm its status.
- No water past the trailhead. Carry plenty; the far rim has zero shade.

RIDE SMART

- **Water:** plan on about 1.5 L for this ride. There's none on the trail.
- **Signal is spotty.** Tell someone your route and your time back.
- **Emergency:** call 911 and say "Snake Charmer ride, parked at Bearclaw Poppy Trailhead (Bloomington), St. George, Utah", plus the coordinates from Locate me.
- **Wildlife:** give horses, burros and anything with horns room, and never feed them.
- **Stay on trail.** Desert crust and mountain soil take decades to heal.
