KNOW BEFORE YOU GO

- Santa Clara River Reserve is BLM land and all trails are non-motorized. Black Brush at the same trailhead is hiker and horse only; the route avoids it.
- Barrel Roll goes clockwise here, which puts the trickiest rock moves on descents.
- Mostly rated more difficult by the BLM: rocky lava ledges and a few short steep pitches, but plenty of flowing tread between them.
- Bikes yield to hikers and horses, and the BLM asks you to park only at the designated trailhead.

RIDE SMART

- **Water:** plan on about 1.5 L for this ride. There's none on the trail.
- **Signal is spotty.** Tell someone your route and your time back.
- **Emergency:** call 911 and say "Spin Cycle ride, parked at Cove Wash Trailhead (Santa Clara River Reserve), St. George, Utah", plus the coordinates from Locate me.
- **Wildlife:** give horses, burros and anything with horns room, and never feed them.
- **Stay on trail.** Desert crust and mountain soil take decades to heal.
