KNOW BEFORE YOU GO

- Prospector is mostly smooth, buff singletrack with a few short hike-overs; the Church Rocks lap adds red slickrock.
- The Cottonwood Canyon trail west of the Prospector junction is closed to bikes and leads into wilderness. Turn left onto Prospector at the signed junction.
- Red Cliffs NCA is desert tortoise habitat. Stay on the trail and give tortoises space if you see one.
- No shade anywhere. In summer this is a sunrise ride or nothing.

RIDE SMART

- **Water:** plan on about 1.5 L for this ride. There's none on the trail.
- **Signal is spotty.** Tell someone your route and your time back.
- **Emergency:** call 911 and say "Sunday Best ride, parked at Cottonwood Trailhead (Red Cliffs NCA), St. George, Utah", plus the coordinates from Locate me.
- **Wildlife:** give horses, burros and anything with horns room, and never feed them.
- **Stay on trail.** Desert crust and mountain soil take decades to heal.
